

Amadeus recycled

A new range of high quality triple coated and uncoated recycled papers providing a comprehensive substitute solution for customers looking to replace virgin fibre papers. Denmaur Independent has invested in the Amadeus Recycled range specifically to bring choice to the UK market with a whole variety of recycled content, coated surfaces and finishes to satisfy the most testing of graphic paper demands.

The 50% provides the perfect balance of cost price, press room performance and quality, but has the 25% and 75% options neatly positioned either side to suit customer preferences for more or less recycled content. The 100% pushes the boundaries on quality for a fully recycled product in both coated and uncoated finishes - the clean shade and brightness levels are indeed impressive!

Amadeus Recycled Gloss and Silk

25, 50, 75 and 100% recycled

- Silk and Gloss finishes with triple coating provide the very best in surfaces for high quality print production.
- UK stock for immediate delivery in 50% (Gloss and Silk) and 100% in Silk – bespoke makings available in all versions.

Amadeus Recycled Matt

25, 50, 75 and 100% recycled

- The matt surface provides a readable text image without glare but still with excellent printed ink gloss for colour imagery.
- UK stock for immediate delivery in 75% – bespoke makings available in all versions.

Amadeus Offset

50% and 100% recycled

- The high white brightness of both the 50% and 100% offset are not far behind modern virgin pulp offsets and designed to meet the increasing demand in the use of natural papers.
- UK stock for immediate delivery in 100% – bespoke makings available in all versions.

The Denmaur Independent Papers Group

A family run business, established in 1983. A totally independent UK paper merchant and paper management company.

The company has two divisions:-

Markets

Publishing
Catalogues
Travel brochures
Direct Marketing
Retail/end user
Leaflets
Stationery
